Answer of Defendant Oregon State Medical Society to Interrogatories

Filed May 4, 1949

For its answer to the interrogatories heretofore served upon it by plaintiff, defendant Oregon State Medical Society answers said interrogatories as follows. In each instance the number of the answer corresponds to the number of the interrogatory to which such answer applies:

I.

September 1, 1874.

II.

No true medical societies in the sense normally understood exist in Oregon, except Oregon State Medical Society; Multnomah County Medical Society, Portland, Oregon; Clackamas County Medical Society, Oregon City, Oregon; Marion-Polk Counties Medical Society, Salem, Oregon; Benton County Medical Society, Corvallis, Oregon; Lane County Medical Society, Eugene, Oregon; Douglas County Medical Society, Roseburg, Oregon; Josephine County Medical Society, Grants Pass, Oregon; Jackson County Medical Society, Medford, Oregon; Coos-Curry Counties Medical Society, Coos Bay, Oregon; Lincoln County Medical Society, Toledo, Oregon; Tillamook County

None of the above, except the Multnomah County Medical Society, has offices. Oregon State Medical Society does not know the dates of organization of the above societies, except Multnomah County Medical Society was formed in 1884.

III.

The number of Physicians licensed to practice medicine and surgery set forth below are taken from the published records of the Board of Medical Examiners. The percentage of these doctors who are members of Oregon State Medical Society is difficult to arrive at because the statistics are formulated on different dates and because of the lag between licensure and reporting date by the State Board of Medical Examiners. However, the following statistics are believed to be substantially accurate:

Year	No. of Licensed Physicians	No. of Members of Oregon State Medical Society	Percentage
1936	1215	742	61.1%
1937	1253	755	60.3%
1938	1272	746	58.6%
1939	1278	774	60.6%
1940	1343	839	62.5%
1941	1338	866	64.7%
1942	1295	906	70 %
1943	1097	932	85 %
1944	1039	982	94.5%
1945	1042	1000	96 %
1946	1428	1010	70.7%
1947	1566	1142	72.9%
1948	1660	1210	72.9%

XII.

The following physician, licensed to practice medicine and surgery in Oregon, has served on National Physicians Committee:

Name	Address	Dates of Service
Dr. John H. Fitzgibbon	Portland	1942 thru 1947

The National Physicians Committee had no connection with Oregon State Medical Society, and Oregon State Medical Society understands that American Medical Association did not sponsor National Physicians Committee.

122 XIII.

Oregon State Medical Society understands that Oregon Physicians' Service has participated in at least some of the activities of Associated Medical Care Plans, Inc. Oregon State Medical Society has not.

XIV.

No member of Oregon State Medical Society has served as representative from Oregon State Medical Society or, to the best of the knowledge of Oregon State Medical Society, as official of Associated Medical Care Plans. See answer XIII above.

XV.

Oregon State Medical Society knows of no member of Oregon State Medical Society who attended meetings of National Conference on Medical Service since January 1, 1936. If any member of Oregon State Medical Society did attend such meetings, he was not a representative of Oregon State Medical Society. Oregon State Medical Society has no connection with National Conference on Medical Service.

XVI.

See answer II, naming all true medical societies in Oregon. No "charters" have been issued to most of said societies, and none have been revoked. All such societies

have been in existence since before January 1, 1936. The organizations of most county and district medical societies in Oregon are informal. Although in theory county societies could be issued charters, in practice this has not been done.

XVII.

The Oregon State Medical Society on August 26, 1938, adopted a statement of policy and program involving prepaid medical care plans. In said policy and program the local or component medical societies were encouraged to establish prepaid medical care plans in their local communities, but provision was made for expansion of a local organization into additional territory when the physi-
123 cians in the additional territory desired it or when a local plan requested the Council to authorize a state-wide or partial state-wide contract. In addition to the above, the Council of the Oregon State Medical Society on January 13, 1940, passed a resolution approving all plans of voluntary indemnity insurance, also hospital insurance organized and operated by hospitals on a non-profit basis and prepaid medical care service plans having the approval of the respective local medical societies within the State of Oregon and providing that sponsors of other special plans, if they desired, could apply to the Council of Oregon State Medical Society for approval. The latter resolution set up general standards for the sponsors of special plans requesting approval.

The approval or disapproval of any plans applied only to the State of Oregon. There are hundreds of prepaid medical care plans operating within the State of Oregon which have never been approved or disapproved as such by the Oregon State Medical Society. When any special plan for prepaid medical care, which did not fall into the classification of plans automatically approved, applied to the Oregon State Medical Society for approval, the application for approval was viewed in the light of the particular contract sought to be offered rather than a general blanket approval or disapproval of the organization sponsoring such a plan.

Plans for prepaid medical care which have applied to Oregon State Medical Society for approval or consideration and which have been examined by the Council of the Oregon State Medical Society or the Executive Committee of the Oregon State Medical Society since January 1, 1936, are as follows:

(1) Multnomah Medical Service Bureau, contract submitted and approved on the 1st day of July, 1939, sponsored by physicians of Multnomah County, Oregon. Operations of predecessor began in 1932.

124 (2) Contract of Physicians Association of Clackamas County, submitted and approved the ..... day of ....., 19....; sponsored by physicians of Clackamas County for prepaid plan for Clackamas County, Oregon. Operations began .....

(3) Contract of Physicians and Surgeons Hospital Association, submitted and approved the 8th day of October, 1938; originally sponsored by physicians of Salem, Oregon; later by physicians of Marion, Yamhill and Polk Counties. Operations began before 1930.

(4) Contract of Coos Bay Hospital Association, submitted and approved the ..... day of ....., 19....; sponsored by physicians of Coos County. Operations began .....

(5) Contract of Klamath Medical Service Bureau, submitted and approved the ..... day of ....., 19....; sponsored by physicians of Klamath County. Operations began .....

(6) Contract of Southern Oregon Medical Service Association Bureau, submitted and approved the ..... day of ....., 19....; sponsored by physicians of Jackson County, Oregon. Operations began .....

(7) Contract of Eugene Hospital Clinic, submitted and approved the 3rd day of June, 1939; sponsored by physicians of Lane County, Oregon. Operations began before 1930.

(8) Contract of Pacific Hospital Association, submitted and approved the 3rd day of June, 1939; sponsored by physicians of Lane County, Oregon. Operations began before .....

(9) Contract in force the 13th day of January, 1940, submitted by Charles Bechtold, manager of National Hospital Association; neither approved nor disapproved.

(10) Contract in force the ..... day of ....., 19...., submitted by Industrial Hospital Association; neither approved nor disapproved.

(11) Proposed contract of C. H. Weston Company, submitted by company the 13th day of January, 1940; action of Council that the plan "be not approved".

125 (12) Oregon Physicians' Service, approved the 8th day of November, 1941; for a plan of prepaid medical benefits in any county in Oregon where the physicians are not able or are not set up to offer their own plan and for state-wide coverage. Operations began in 1942.

(13) Metropolitan Casualty Insurance Company, submitted and approved as a disability indemnity plan for members of Oregon State Medical Society. Operation of the Plan began October, 1944.

All the details of specific medical or surgical fees included within the fee schedules approved, as set forth below, are not set out, for the reason that to do so would require volumes. The State Industrial Accident Commission, for instance, has promulgated at least four booklets of fee schedules since January 1, 1936. The Oregon Physicians' Service has adopted various fee schedules and changed them from time to time:

The following classes of medical and surgical fees have been approved by Oregon State Medical Society:

(a) State Industrial Accident Commission schedule, effective April 1, 1938, with subsequent revisions. Applied to industrial accidents under Oregon Workmen's Compensation laws.

(b) Public Welfare Commission of Oregon schedule, effective August 6, 1938, with subsequent revisions. Applied to indigents under the Commission.

126 (c) Bureau of Medical Economics adopted recommended fee schedule for medical service plans ap-

proved by the Bureau. Adopted February 1, 1940. Recommended for services performed by physicians in Oregon outside of the area covered by the contract.

XXIII.

The Bureau of Medical Economics was organized on or about October 14, 1939. The Bureau ceased functioning about August, 1942, although it was never formally terminated.

The functions of the Bureau were generally as follows:

(a) Make surveys of situations in the State of Oregon and develop plans to provide medical care for low wage groups.

(b) Render assistance to plans for medical care of low wage groups within the State of Oregon.

(c) Exchange information between plans for medical care of low wage groups instituted by local groups of physicians within the State of Oregon or other groups of physicians within the State of Oregon.

(d) Assist physicians practicing in local areas to establish a plan of medical care for low wage industrial groups.

The Bureau was composed of one representative from each local physicians' group offering a prepaid plan within the State of Oregon, together with the officers and members of the Council of the Oregon State Medical Society. The names and addresses of the officers and members of the Council of the Oregon State Medical Society have been set forth in answer to previous questions.

In addition to the said officers and members of the Council of the Oregon State Medical Society the following physicians, representing the local plans within the State of Oregon, were members of the Bureau of Medical Economics:

A. H. Huycke, of Oregon City, representing Association of Clackamas County physicians.

127 Dean P. Crowell, North Bend, representing the Coos Bay Hospital Association.

J. C. Hayes, Medford, representing the Southern Oregon Medical Service Association.

G. I. Hurley, Eugene, representing Eugene Hospital and Clinic and Pacific Hospital Association.

S. H. Sheldon, Portland, representing Multnomah Medical Service Bureau.

F. K. Power, Salem, representing Physicians and Surgeons Hospital Association.

E. R. Huckleberry, Tillamook, representing the Tillamook Hospital Association.

F. L. Ralston, LaGrande, representing LaGrande Hospital Association.

The above named representatives remained members of the Bureau of Medical Economics during its existence.

XXIV.

Oregon State Medical Society has not sufficient knowledge to state which doctors are on staffs of Oregon Hospitals who are not members of Oregon State Medical Society. To the best of the knowledge of Oregon State Medical Society most general hospitals in Oregon are listed as approved in the Hospital Register by American Medical Association. Oregon State Medical Society does not approve or disapprove any hospitals. There is a hospital licensure law administered by the Oregon State Board of Health.

XXV.

Oregon State Medical Society understands that *Northwest Medicine*, during the period in question, was an independent Washington corporation. Oregon State Medical Society elects a Committee on Publication, who are ordinarily elected Trustees of *Northwest Medicine*. The secretary of Oregon State Medical Society also serves ex-officio as an assistant editor of *Northwest Medicine*. The Council of Oregon State Medical Society appoints an editor of the Oregon section. The Oregon editor prepares material for publication in *Northwest Medicine*, usually dealing with Oregon news. The Oregon editor also frequently
128 writes editorial matter in the Oregon section. Material submitted by the Oregon editor is not edited or controlled in any way by Oregon State Medical Society, and editorials prepared by the Oregon editor reflect his personal opinions, and not the opinions or policies of Oregon State Medical Society, except where reporting duly adopted actions of Oregon State Medical Society.

(a) The names and addresses of officers, directors, trustees, editors or other officials of *Northwest Medicine* chosen or nominated by Oregon State Medical Society during said period are:

Board of Trustees

Karl H. Martzloff	1936 to date
Edward H. McLean	1938 to date
A. G. Bettman	1936-1937
Goodrich R. Schauffler	1936-1945
J. V. Straumfjord	1946 to date

Editors, Oregon Section

Charles P. Wilson, Portland	July 1, 1939, to November 30, 1942
Rachel C. Sparks, Portland	December 1, 1942, to October 31, 1943
Gordon B. Leitch, Portland	June 1, 1944 to date
Adalbert G. Bettman, Portland	January 1, 1936

Assistant Editors

Morris L. Bridgeman, Portland	January 1, 1936, to September 6, 1941
John R. Montague, Portland	September 6, 1941, to September 11, 1942
Thomas R. Robertson, Portland	September 11, 1942, to September 3, 1944
Thomas S. Saunders, Portland	September 3, 1944, to September 6, 1947
Werner E. Zeller, Portland	September 6, 1947, to date

(b) Each member of Oregon State Medical Society receives a subscription to *Northwest Medicine* upon payment of his regular dues to Oregon State Medical Society.

129 (c) Oregon State Medical Society does not know how many copies of *Northwest Medicine* were distributed or circulated in Oregon during said period, except that each member of Oregon State Medical Society is believed to have received a copy.

XXVI.

Oregon State Medical Society, but upon request of a local society, furnishes or provides a suggested form of constitution and by-laws to any county society. Oregon State Medical Society does not know which societies have adopted such constitution and by-laws. Because of the loose organization of most local societies it is doubtful that it is possible to tell which societies even have constitutions or by-laws, except the Multnomah County Medical Society. For instance, Oregon State Medical Society understands that Clackamas County Medical Society "adopted" the Oregon State Medical Society constitution and by-laws, which, of course, have very little relationship to the local society.

XXVII.

Oregon State Medical Society understands that Northwest Hospital Service Plan has a board of trustees composed of representatives of hospitals, doctors and the public. Oregon State Medical Society was requested by Northwest Hospital Service Plan to name three members of Oregon State Medical Society to serve on such board. The Council of Oregon State Medical Society has annually nominated three such members. Their names are:

W. W. Baum, Salem	November 10, 1941, to February 1, 1943
Edward H. McLean, Oregon City	February 1, 1943, to date
Charles E. Sears, Portland	December 10, 1941, to February 15, 1949
Russell H. Johnsrud, Portland	February 15, 1949, to date
Stanley Lamb, Portland	November 10, 1941, to date
